

Sherman College

National Board of Chiropractic Examiners (NBCE) Performance

The weighted arithmetic average of first-time candidate pass rates for the four most recent examinations.

# Pass: the number of first-time examinees passing all six parts on the first attempt.

# Tested: the number of first-time examinees

Note: Students with cumulative GPAs greater than 3.25 have a greater likelihood of passing all six sections of Part I and Part II on the first attempt.

	PART I				PART II				PART III				PART IV				PT
