

About the Academy of Chiropractic Philosophers

The Sherman College Academy of Chiropractic Philosophers is a one-year course designed to enhance the understanding, depth and breadth of chiropractic philosophy. The sessions will challenge the thinking process and the application of philosophy in the chiropractic profession. The Academy is committed to helping you become the writer, thinker and speaker you desire to be and that the profession needs. Successful completion of the program leads to membership in the prestigious Academy of Chiropractic Philosophers (ACP).

Note: The ICA Council on Philosophical Chiropractic Standards accepts the successful completion of the ACP for 100 hours towards its Diplomate in Philosophical Chiropractic Standards.

“Sherman College is known for its commitment to the philosophy, science and art of chiropractic which led to the development of the ACP program. Through continued scholarly activity we advance the art, science and philosophy to

serve more people and touch more lives.”

SHERMAN COLLEGE ACADEMY OF CHIROPRACTIC PHILOSOPHERS

NOW ACCEPTING CANDIDATES FOR 2009-2010

The world has changed considerably in the past 100 years. Study the validity of the 33 principles even with many developments in science and technology and examine them for relevance. Revisit the reasoning process and compare mechanistic and vitalistic thought. Evaluate their relevance and application as you listen, question and synthesize current thinking in biology, chiropractic research, adaptability, ethics and professional identity in the practical application of chiropractic philosophy.

The Sherman College graduate program in chiropractic philosophy is designed for men and women seeking to deepen their understanding of chiropractic. The one-year course will challenge and inspire you to learn and think more than ever about chiropractic philosophy and its relationship to the above-down-inside-out worldview.
