

## Committee Officers and Members 2009 Updated 1/15/09

The numbers in parentheses identify the terms and length of service for faculty representatives. The first number represents the individual's term (1<sup>st</sup> or 2<sup>nd</sup> term) and the second number represents the individual's year(s) of service in the respective term (1<sup>st</sup> or 2<sup>nd</sup> year of term). For example, (2-1) = second term - first year of second term. Individuals serving term (2-2) will rotate out of service at the end of the academic year. Newly elected faculty representatives begin service in January or they complete the term of a mid-year vacancy. Student members may serve two one-year terms on a committee beginning at the time of appointment in accordance with Policy 8012 – Appointment of Student Representatives to College Committees.
