RESEARCH HONORS

POLICY

Research Honors will be awarded at graduation to students who have made appropriate application and have completed one or more of the following:

A. Published a scholarly paper in a peer-reviewed journal

B. Presented a scholarly paper at a scientific meeting reflecting a student's original work.

C. Provided 50 hours or more to the research of a faculty member or research fellow, which has been approved by the Research Director

D. Concluded a publication quality case report.
