PRESIDENT'S SCHOLARSHIP

POLICY

The President's Scholarship is a discretionary scholarship offered by the vice president for business and finance. This scholarship is utilized to attract and obtain outstanding students to attend Sherman College.

The senior director of enrollment services and the director of financial aid identify potential candidates for the scholarship and make their recommendations to the vice president for business and finance. The vice president for business and finance awards the scholarship, but submits the winner's pertinent information and the scholarship's value and contingencies to the president's office for approval prior to conveying the award to the selected recipient.

Recommendations for the scholarship recipients are based on the following factors:

- the student's grade point average from undergraduate institution and overall academic preparation
- the academic reputation of the undergraduate institution
- the diversity of the student's interests
- the student's volunteer and life experiences
- the student's level of interest in Sherman College
- the student's other graduate and career options

This scholarship is offered to students who have visited campus to guarantee Sherman College is a good fit for both.

A variety of stipulations may be included in the terms of the scholarship, including maintaining a minimum cumulative grade point average and passing all parts of National Board exams on the first attempt. The scholarship is offered for one term, and the student is given a deadline for accepting it, after which it is void.

The actual value and terms of the scholarship will be determined on an individual basis and are based on the factors listed above.
