

Preferred and Accepted Undergraduate Science Courses

A minimum of 24 semester credits of life and physical sciences must be earned with a grade of “C” or better and half of those courses must contain a substantive lab component. The science courses fulfilling the 24 semester hours will contain a balance of both life and physical sciences and will provide an adequate background for success in the Doctor of Chiropractic program.

Preferred Sciences:

Life Sciences

Anatomy
Anatomy & Physiology
Biology (BIO I, BIO II)
Biomechanics
Exercise Physiology
Exercise Science
Kinesiology
Nutrition
Physiology

Physical Sciences

Biochemistry
General Chemistry (CHEM I, CHEM II)
Organic Chemistry
Physics

Additional Accepted Sciences:

Life Sciences

Cell Biology
Embryology
Genetics
Immunology
Medical Terminology
Microbiology
Molecular Biology

Physical Sciences

Analytical Chemistry
Nuclear Medicine
Pharmacology
Statistics
Toxicology

Chiropractic licensure requirements vary from state to state, and some of these requirements apply to a student’s prerequisite education and therefore must be satisfied before enrolling at Sherman College. To ensure that you meet the requirements of the state(s) in which you wish to practice, visit the Federation of Chiropractic Licensing Boards at www.fclb.org for state board requirements and contact information.
