

# Regent Program

## Your Leadership and Support

Sherman College's future depends upon the strong leadership and financial support of individuals who join the Regent Program. Its members support the college with annual gifts of \$1,000 or more, and the collective financial commitment of its members has been a major source of funding since the program's inception in 1977. Regents are alumni and friends of Sherman College, faculty and staff who witness students change the world, parents who have watched their children grow into exceptional young chiropractors, and friends around the globe who are impressed and inspired by the Sherman community.

“Regents are leaders and advocates for the profession who give visibility and stature to Sherman College.”

— *Edwin Cordero, D.C.*  
*Sherman College President*

### Perks for You:

- Regent plaque for display
- Discounts, early notifications and invitations to designated opportunities
- Special communications via private Regent Facebook group
- Recognition in *Sherman* alumni magazine, *Sherman Shares* e-newsletter and the Sherman College website

## Impact of the Regent Program

The legacy of Sherman College continues to expand as Regent donations fund our vision of adjusting the world for a better future. Regent support enriches the student experience and our extraordinary campus community by funding programs like these:

- Campus Master Plan efforts that are transforming Sherman College
- iSherman initiative for the most current technology learning platform
- Practice Success Program (G10) for chiropractic business expertise
- Technology upgrades for future Electronic Medical Record capabilities and training
- Beautification, upgrades and maintenance to the college's 80-acre campus
- Evidence-informed curriculum and practice, giving the certainty of science along with the power of chiropractic
- Other crucial initiatives to advance Sherman College and principled chiropractic worldwide

## Next Steps

**Step 1:** Learn more about how Regents provide leadership, vision and commitment to Sherman College and chiropractic.
