

**Vision**

Adjusting The World for a Better Future.

Mission

Our mission at Sherman College of Chiropractic is to provide exceptional preparation for the location, analysis and specific adjustment of vertebral subluxation.

This mission is based upon the college's core values and delivered through activities in the areas of education, research and service:

Education:

Students are taught and learn the most current knowledge and understanding of the philosophy of chiropractic, in the basic and clinical sciences, the research and science of vertebral subluxation and in the clinical practice of chiropractic so they may perform the professional obligations of a doctor of chiropractic with competency, compassion and Integrity.

Research:

Faculty members engage in research and scholarly activities that contribute to the body of pedagogical and clinical knowledge which advances chiropractic education and the chiropractic profession.

Service

The college serves the profession by offering continuing education programs to doctors of chiropractic and by participating in professional and educational organizations. The college serves the community by providing quality chiropractic care and partnering with community organizations.

Governance

The mission is accomplished by meeting institutional ENDS and MEANS policies (see policy governance documents).
