Committee Officers and Members 2026
Updated November 2026

The numbers in parentheses identify the terms and length of service for elected representatives. The first number represents the individual's term (1st or 2nd term) and the second number represents the individual's year(s) of service in the respective term (1st or 2nd year of term). For example, (2-1) = second term - first year of second term. Individuals serving term (2-2) will rotate out of service at the end of the academic year. Newly elected representatives begin service in January or they complete the term of a mid-year vacancy. Student members may serve two one-year terms on a committee beginning at the time of appointment in accordance with Policy 8012 – Appointment of Student Representatives to College Committees.
